phase 3 booklets

Communication, language and literacy

Every Tuesday in school we do something called Talking Pictures. There will be a random picture on the class board in the morning. The children have the opportunity to talk about the picture together and then we use the picture to write labels, sentences or stories about the picture. It is an opportunity to develop language and imagination. The writing task is always independent so the children have an opportunity to use their imaginations and phonics skills.

I always remind children to think about their phonics and they have phonics mats in school to help them. So if possible allow them to look at a phonics mat (available on class webpage)

Talking pictures

This week we have sent home a home learning pack that contains lots of Talking Picture prompts. Choose one that sparks your imagination.

Any writing you do take a photo and add to Tapestry!

Guided Reading

- Please make sure you are reading as much as you can. Don't forget to use your phonics skills.
- Every Monday in school we normally do Guided Reading. We read as a group, discuss the text and then complete an activity.

This week is Oxford Owl Stuck in the Mud
<https://www.oxfordowl.co.uk/api/digital-books/1387.html>

This book is Yellow book band which is the level after Red. It has phase 3 sounds in it. If it is too tricky please enjoy as a family text ☺

Don't forget the fun activities at the end.

Learning Project (LP)

Our home learning project is "Why do ladybirds have spots?" It is a minibeast topic.

What can you find out about minibeasts?

Thank you all again for the lovely
video ☺ I loved it and it made me
smile ☺

Have a lovely week and don't
forget to read, keep active with
Joe Wicks, GoNoodle, Cosmic Yoga
or a nice walk.

Stay safe and keep smiling,

Miss Jewkes & her home learning
helper Biffy the Dog.
